DETAILED ACTION

Receipt is acknowledged of the amendment and terminal disclaimer filed 05/27/2008.

The rejection under the judicially created doctrine of obviousness-type double patenting is withdrawn in view of the terminal disclaimer.

The following rejection is maintained in this action:

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 27, 29, 31, 33, 35-40, 44, 48-52, 54, 56-64, 67, 71-76 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims are indefinite in that "comprising of" language is found in the claims after "consisting essentially of" language has been used. This broader language makes it indefinite as to what is actually being claimed. Correction is requested.

Response to Arguments

Applicant's arguments filed 05/27/2008 have been fully considered but they are not persuasive.

Applicant argues that the comprising language following "consisting essentially of" clearly defines the metes and bounds of the claim with respect to polymers used to form endoprosthesis. However, a review by quality specialists agrees that the language makes the claim indefinite as to what is actually being claimed. The rejection is therefore maintained.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
